Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Starting System: Electric Start
- Frequency: 50/60 Hz
- Brand: Cummins
- Operation Mode: Automatic/Manual
- Efficiency: High
- Fuel: Diesel
- Cooling System: Water Cooled
- Speed: 1500/1800 RPM
- Highlight: **High Efficiency Cummins Engine Generator, Automatic Cummins Engine Generator, 250 kva cummins generator**

Product Description

Product Description:

Cummins Diesel Genset is a diesel generator set powered by Cummins diesel engine. It has a frequency of 50/60 Hz and a speed of 1500/1800 RPM. It is a water-cooled diesel generator set with a fuel type of diesel. It is highly efficient and reliable to provide continuous power supply to meet various power needs. Its fuel efficiency is optimized to reduce running costs, and its advanced cooling system ensures good performance and long service life. Cummins Diesel Genset is the ideal choice for heavy-duty applications, offering superior performance and dependability.

Features:

Product Name: Cummins Diesel Generator

Type: Diesel Generator Set

Fuel: Diesel

Noise Level: Low

Efficiency: High

Speed: 1500/1800 RPM

Brand: Cummins Diesel Genset

Technical Parameters:

Features	Specifications
Cooling System	Water Cooled
Efficiency	High
Starting System	Electric Start
Frequency	50/60 Hz
Noise Level	Low
Warranty	1 Year
Fuel	Diesel
Brand	Cummins
Operation Mode	Automatic/Manual
Control System	Automatic Control

Applications:

Cummins Diesel Generator Set is a type of generator set with great performance and low noise level. It is made by Minlong, a well-known brand from China. It is certified by ISO9001 with minimum order quantity of 1, and the price is negotiable. It is usually packed in a wooden case and will be delivered within 10-15 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supply ability is 1000 pieces per week. With the electric start system, it can reach the speed of 1500/1800 RPM. The fuel used is diesel. Cummins Diesel Generator Set is widely used for residential, commercial or industrial applications. It is a cost-effective solution for power supply during emergency or blackout. It is also suitable for outdoor activities, worksites, construction sites, etc. It is a reliable and durable generator set with excellent performance and low noise level. As a result, it is an ideal choice for those who need a reliable generator set with superior quality.

Customization:

Cummins Diesel Generator – Minlong
