Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Cooling System: Air/Water
- Dimension: 1000*800*1200mm
- Type: Silent Diesel Generator
- Fuel Tank Capacity: 50L-1000L
- Speed: 1500rpm/1800rpm
- Certificate: ISO9001/CE/SONCAP/EPA
- Frequency: 50Hz/60Hz
- Phase: Single/Three
- Highlight: **1500rpm Silent Diesel Generator,
1800rpm Silent Diesel Generator,
Manual Electric Diesel Generator**

Product Description

Product Description:

Our Silent Type Diesel Generator is a reliable and durable solution for all your power needs. With Cummins Power, it is one of the most efficient and cost-effective diesel generator sets in the market. It is certified with ISO9001, CE, SONCAP and EPA with a power range from 5kW to 3000kW and single or three phase. It is fuel-efficient, consuming less than 210g/kw.h, and has a compact dimension of 1000*800*1200mm.

Our Silent Type Diesel Generator sets are designed to provide flexible and reliable power for many applications. It is suitable for all types of businesses, ranging from small retail businesses to large industrial companies. It is also perfect for home and recreational use. With its silent operation, it is an ideal choice for domestic, industrial, recreational and commercial use.

At Cummins Power, we are dedicated to providing our customers with the best possible silent type diesel generator sets. Our products are built to last and are designed to meet the needs of any business. We are committed to providing high-quality and reliable products that are easy to operate and maintain. With our professional customer service team, you can be sure that you will get the best service and support for your Silent Type Diesel Generator Set.

Features:

Product Name: Silent Diesel Generator

Fuel Consumption: ≤ 210 g/kw.h

Dimension: 1000*800*1200mm

Frequency: 50Hz/60Hz

Starting System: Electric/Manual

Speed: 1500rpm/1800rpm

Diesel Generator Set: High Quality, Quiet Operation, Long Service Life

Technical Parameters:

Product Attributes	Technical Parameters
Starting System	Electric/Manual
Dimension	1000*800*1200mm
Type	Silent Diesel Generator/Cummins Power Diesel Generator/Open Silent Type Diesel Generator
Speed	1500rpm/1800rpm
Warranty	1 Year
Fuel Consumption	≤ 210 g/kw.h
Phase	Single/Three
Noise Level	≤ 85 dB(A)
Net Weight	500kg-3000kg
Voltage	220V-440V

Applications:

Minlong open silent type diesel generator is a reliable and powerful source of energy, which can provide continuous power supply in various applications and scenes. It is suitable for residential, commercial, industrial and military use. With advanced technology, it is featured with low noise and vibration, high efficiency, reliable operation, long service life and excellent performance. It is certified by ISO 9001 and comes with minimum order quantity of 1 piece, price negotiable, wood case packaging, 10-15 days delivery time, payment terms of L/C, D/A, D/P, T/T, Western Union, MoneyGram and supply ability of 1000 pieces per week. It has frequency of 50Hz/60Hz, net weight of 500kg-3000kg, speed of 1500rpm/1800rpm, fuel tank capacity of 50L-1000L and 1 year warranty.

Minlong diesel generator set is widely used in different places, such as home, office, factory, hospital, school, mall, market, stadium, military base and other places where reliable power source is needed. Support and Services:

Silent Diesel Generator Technical Support and Service

We offer professional technical support and services for all our Silent Diesel Generator products. Our team of experienced engineers and technicians are available to help you with any technical queries you may have, and provide reliable advice and support.

We also offer a range of after-sales services, from routine maintenance to emergency repairs. Our team of technicians are on hand to provide the highest quality service, and make sure that your Silent Diesel Generator is running efficiently and effectively.

If you have any questions or concerns about your Silent Diesel Generator, please do not hesitate to contact us. We are always here to help.

Packing and Shipping:

Silent Diesel Generator Packaging and Shipping

The silent diesel generator is securely packaged in a cardboard box to protect it from damage during transportation. The box includes stuffing materials to fill any empty space and prevent the product from moving. The box is then sealed with tape to ensure that it remains closed during transit. The generator is then placed onto a pallet and shrink-wrapped to secure the box in place. The pallet is then loaded onto a shipping truck and transported to the customer's location.

FAQ:

Q: What is the brand name of the Silent Diesel Generator?
