

Water Cooled Perkins Diesel Home Standby Generator Electric Start Silent Generator

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Fuel Tank Capacity: 1000L
- Control System: Automatic
- Dimensions: 2500mm X 1500mm X 2000mm
- Speed: 1500rpm
- Engine Brand: Perkins
- Cooling System: Water Cooled
- Frequency: 50Hz
- Fuel Type: Diesel
- Highlight: Perkins Diesel Home Standby Generator,
Water Cooled Diesel Home Standby Generator,
1500rpm Electric Start Silent Generator

Product Description

Product Description:

Perkins Diesel Generator

Perkins Diesel Generator is a heavy duty diesel generator set. It is a high performance, durable diesel generator with excellent speed, voltage, starting system and weight. It is equipped with a 1500rpm engine and a 400V voltage, and it is powered by an electric starting system. In addition, its weight is up to 3000kg, making it a reliable and heavy duty diesel generator. With the Perkins brand engine, it is a reliable and high-quality diesel generator set.

This diesel generator set is ideal for those who need a reliable, heavy duty diesel generator. It offers excellent performance, durability, and can easily meet the needs of any large-scale operation. With its speed, voltage, starting system and weight, it is a great choice for those who want a reliable and efficient diesel generator. Whether you need a reliable source of power for your business or home, Perkins Diesel Generator is the perfect choice.

Features:

Product Name: **Perkins Diesel Generator**

Warranty: **1 Year**

Weight: **3000kg**

Power Output: **1000kW**

Engine Brand: **Perkins**

Dimensions: **2500mm X 1500mm X 2000mm**

Keywords: **Durable Diesel Generator Set, Advanced Diesel Electric Generator, Perkins Diesel Generator**

Technical Parameters:

Parameter	Value
Product Name	Advanced Diesel Electric Generator
Engine Brand	Perkins
Speed	1500rpm
Fuel Tank Capacity	1000L
Fuel Type	Diesel
Control System	Automatic
Warranty	1 Year
Dimensions	2500mm X 1500mm X 2000mm
Cooling System	Water Cooled
Weight	3000kg
Frequency	50Hz

Applications:

Minlong Durable Diesel Generator Set is a great choice for heavy-duty applications. It is designed with a 1000L fuel tank capacity, and is powered by diesel fuel, providing a maximum output of 1000kW. It is equipped with a water cooled cooling system and operates at 1500rpm, making it capable of providing reliable and high output power. This heavy-duty diesel generator is ideal for a variety of applications, including powering industrial machinery and equipment.

Customization:

High Output **Perkins Diesel Generator** Customization

Brand Name: Minlong

Place of Origin: China
Frequency: 50Hz
Speed: 1500rpm
Cooling System: Water Cooled
Warranty: 1 Year
Starting System: Electric

Support and Services:

Perkins Diesel Generator Technical Support and Service

Perkins Diesel Generator offers a wide range of technical support and service options to ensure that your generator is running smoothly and efficiently. Our team of experienced technicians are available to assist you with troubleshooting, maintenance, and repairs of your generator.

We provide support through our customer service team, online forums, and a range of training courses. Our customer service team is available 24/7 to answer any questions you may have and to provide assistance with your generator. We also offer a range of online forums and training courses to help you understand your generator and keep it running at its best.

Our technicians are equipped with the latest tools and diagnostic equipment to diagnose and repair any issues you may be having with your generator. We also provide scheduled maintenance and service contracts to help you keep your generator running at its best. For more information on our technical support and service options, please contact us today.

Packing and Shipping:

Perkins Diesel Generator Packaging and Shipping is as follows:

The generator is placed on a pallet and shrink-wrapped for protection.

The pallet is secured to a shipping container.

The shipping container is then loaded onto a truck for delivery.

The truck is inspected prior to departure to ensure that the generator is properly secured.

The delivery location is checked to ensure the generator arrives safely and on time.

FAQ:

Q: What is the brand name of Perkins Diesel Generator?

A: The brand name is Minlong, which is made in China.

Q: What is the fuel consumption of Perkins Diesel Generator?

A: The fuel consumption of Perkins Diesel Generator is 4-6 liters per hour.

Q: What is the maximum power of Perkins Diesel Generator?

A: The maximum power of Perkins Diesel Generator is 40-500 KW.

Q: What is the noise level of Perkins Diesel Generator?

A: The noise level of Perkins Diesel Generator is 75-85dB(A).

Q: What is the output voltage of Perkins Diesel Generator?

A: The output voltage of Perkins Diesel Generator is 1 phase/2 phase/3 phase, 220V/380V/400V/415V.
