

## 1500rpm Durable Self Start Perkins Diesel Generator Set Water Cooled 2500mm X 1500mm X 2000mm

Our Product Introduction

for more products please visit us on [diesels-generators.com](http://diesels-generators.com)

### Basic Information

- Place of Origin: China
- Brand Name: Minlong

### Product Specification

- Cooling System: Water Cooled
- Fuel Tank Capacity: 1000L
- Fuel Type: Diesel
- Power Output: 1000kW
- Engine Brand: Perkins
- Control System: Automatic
- Starting System: Electric
- Warranty: 1 Year
- Highlight: **Durable Perkins Diesel Generator,  
1500rpm Perkins Diesel Generator,  
Water Cooled self start diesel generator**

## Product Description

### Product Description:

Perkins Diesel Generator is a durable diesel generator set that can provide reliable power for a wide range of applications. It has a voltage of 400V, an engine brand of Perkins, a noise level of 75dBA, a frequency of 50Hz and a fuel type of diesel. This Perkins diesel generator set is equipped with an advanced control system for efficient operation and superior performance. It has been designed to provide reliable and long-term power supply in emergency situations, and its low noise level ensures a quiet and comfortable environment for people in the area. This Perkins diesel generator set is a highly reliable solution for a wide range of applications, and it is perfect for powering large industrial applications, as well as for powering homes and businesses. It is an excellent choice for anyone looking for a durable and reliable diesel generator set.

### Features:

**Perkins Diesel Generator:**Advanced Diesel Electric Generator,High Output Diesel Generator

Control System:Automatic

Voltage:400V

Engine Brand:Perkins

Noise Level:75dBA

Fuel Type:Diesel

### Technical Parameters:

| Product Attribute | Description                                                                               |
|-------------------|-------------------------------------------------------------------------------------------|
| Product Name      | Perkins Diesel Generator, Advanced Diesel Electric Generator, Heavy Duty Diesel Generator |
| Warranty          | 1 Year                                                                                    |
| Cooling System    | Water Cooled                                                                              |
| Power Output      | 1000kW                                                                                    |
| Fuel Type         | Diesel                                                                                    |
| Speed             | 1500rpm                                                                                   |
| Starting System   | Electric                                                                                  |
| Voltage           | 400V                                                                                      |
| Control System    | Automatic                                                                                 |
| Engine Brand      | Perkins                                                                                   |

### Applications:

**Perkins Diesel Generator - Heavy Duty Diesel Generator Set for Durability**

The Perkins Diesel Generator Set is a heavy duty, durable diesel generator set that is designed to provide reliable and long-lasting power. It is built with a brand name, Minlong, from China, and has dimensions of 2500mm x 1500mm x 2000mm, powering output of 1000kW, a noise level of 75dBA, a weight of 3000kg, and a speed of 1500rpm. This generator set is perfect for any heavy duty application that requires long-term, reliable power.

The Perkins diesel generator set is constructed with heavy duty components to ensure maximum durability and longevity. It is designed to withstand even the most extreme conditions, making it a perfect choice for commercial, industrial, and agricultural applications. This generator set is built with a top-quality engine and is designed to provide reliable, long-term power. It is also designed to be fuel-efficient, so it won't waste fuel or money.

The Perkins diesel generator set is the perfect choice for any heavy duty application that requires reliable, long-term power. It is designed to be durable and fuel-efficient, making it an ideal choice for commercial, industrial, and agricultural applications. With its heavy duty components, it is sure to provide reliable power for years to come.

## Customization:

### Advanced Diesel Electric Generator

Introducing the Minlong Perkins Diesel Generator – the heavy duty diesel generator with advanced technology to power your home, business or industrial needs.

The Minlong Perkins Diesel Generator is designed to be reliable and efficient, with a fuel tank capacity of 1000L and a water cooled cooling system. It has an electric starting system and a 1500rpm speed.

The Minlong Perkins Diesel Generator is the perfect choice for those who require an advanced diesel electric generator. Its heavy duty design and strong durability make it a reliable and lasting choice for your power needs.

## Support and Services:

### Perkins Diesel Generator Technical Support and Service

At Perkins, we offer technical support and service for our Perkins Diesel Generators. Our team of experts are available 24/7 to answer any questions or concerns you might have about your generator.

We also have a wide range of service options available, from scheduled maintenance to emergency repairs and troubleshooting. Our experienced technicians can help you keep your generator running smoothly and efficiently.

We also offer remote monitoring and diagnostics to ensure your generator is running properly and to quickly identify any potential problems. This helps minimize downtime and reduce costs.

Our service and support team is always here to help you with any questions or concerns. Contact us today to discuss your Perkins Diesel Generator needs.

## Packing and Shipping:

### Perkins Diesel Generator Packaging and Shipping:

All Perkins Diesel Generators are securely packed in heavy duty, shock-resistant packaging.

All units are shipped via freight carriers and are traceable.

The shipping company will provide a tracking number, which can be used to track the progress of the shipment.

The customer is responsible for any freight charges incurred.

We recommend that customers inspect all packages before signing for them to ensure that they are in good condition.

## FAQ:

### Perkins Diesel Generator

**Q: What is the brand name of Perkins Diesel Generator?**

A: The brand name of Perkins Diesel Generator is Minlong, which was made in China.

**Q: What is the power range of Perkins Diesel Generator?**

A: The power range of Perkins Diesel Generator is from 8kVA to 2000kVA.

**Q: What are the advantages of Perkins Diesel Generator?**

A: Perkins Diesel Generator offers many advantages, including high fuel efficiency, low noise, long service life, and easy maintenance.

**Q: What is the warranty period for Perkins Diesel Generator?**

A: The warranty period for Perkins Diesel Generator is 12 months from the date of purchase.

**Q: Is Perkins Diesel Generator suitable for outdoor use?**

A: Yes, Perkins Diesel Generator is suitable for outdoor use, as it is designed with IP23 protection class and weatherproof canopy.
