

Electric Start Diesel Generator 3 Phase 20-1000kW Low Noise

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Noise Level: Low
- Phase: 3 Phase
- Warranty: 1 Year
- Starting System: Electric Start
- Power: 20-1000kW
- Product Name: Diesel Generator
- Frequency: 50Hz/60Hz
- Highlight: **Electric Start Diesel Generator, 3 Phase Diesel Generator**

Product Description

Product Description:

Diesel Power Generator is a reliable and powerful generator solution, providing 20-1000kW of power with adjustable voltage of 400V/230V. It is designed and manufactured by with the highest quality standards, and comes with a 1 year warranty. Diesel Power Generator has a built-in controller, allowing for easy and efficient operation. It is the perfect generator for your energy needs, and its performance is unbeatable. With its high efficiency and low cost, Diesel Power Generator is the perfect choice for your energy needs.

Features:

Diesel Generating Equipment
Diesel Fuel
1 Year Warranty
400V/230V Voltage
20-1000kW Power
Diesel Power Generator
Diesel Power Generator System

Technical Parameters:

Product Name	Technical Parameters
Diesel Generator	Voltage: 400V/230V Efficiency: High Controller: Noise Level: Low Phase: 3 Phase Fuel: Diesel Frequency: 50Hz/60Hz Power: 20-1000kW Warranty: 1 Year

Applications:

Diesel Generating Equipment is an ideal power solution for a variety of applications, from small scale residential use to large scale industrial applications. This machine is characterized by its brand name , which is renowned for its high quality and reliable performance. The machine is certified with ISO9001 and has a minimum order quantity of 1. The price is negotiable and the packaging comes in a wood case. Delivery time is 10-15 days and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. With a maximum supply ability of 1000 pieces per week, the Diesel Generating Equipment is highly efficient and offers a power range of 20-1000kW at either 1500rpm or 1800rpm. The control system is powered by and the machine has a 3-phase system. This Diesel Generating Equipment is ideal for a range of applications, including residential and industrial use. It is a reliable and efficient power solution, providing high-quality power to meet the demands of various industries. It is also perfect for emergency power, standby power, and backup power. The machine is also suitable for small business and commercial applications, such as restaurants, offices, and other small-scale businesses. The Diesel Generating Equipment is also great for outdoor activities, such as camping, fishing, and other outdoor activities that require a reliable source of power. The Diesel Generating Equipment is a great choice for a variety of applications, from residential use to large scale industrial use. With its reliable performance and efficient power delivery, it is a great choice for any application. It is also easy to install and maintain, making it a great choice for any user. The Diesel Generating Equipment is an ideal power solution for any application and is sure to meet all of your power needs.

Customization:

Diesel Generator
Brand Name:
Place of Origin: China
Certification: ISO9001
Minimum Order Quantity: 1
Price: Negotiation
Packaging Details: Wood case
Delivery Time: 10-15 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability: 1000 pieces per week
Product Name: Diesel Generator
Voltage: 400V/230V
Phase: 3 Phase

Efficiency: High

Speed: 1500rpm/1800rpm

Make sure you get the best Diesel Power Generator, Diesel Generating Machine, Diesel Power Generator Set with ISO9001 Certification, 400V/230V Voltage, 3 Phase, High Efficiency, and 1500rpm/1800rpm Speed.

Support and Services:

Diesel Generator Technical Support and Service

24/7 telephone and email support

On-site service and maintenance

Replacement parts and spares

Comprehensive warranty coverage

Remote monitoring and diagnostics

Packing and Shipping:

Packaging and Shipping

Diesel Generator will be delivered to customers in its original packaging. The packaging is designed to protect the generator during transportation, while also making it easy to move and store. The packaging consists of:

Heavy-duty corrugated cardboard box

Styrofoam inserts to cushion the generator

Cushioned internal packaging for smaller components

The generator will be sent through a reliable shipping service, with tracking available for customers.

FAQ:

Q1: What is the brand name of this Diesel Generator?

A1: The brand name of this Diesel Generator is .

Q2: Where is this Diesel Generator made?

A2: This Diesel Generator is made in China.

Q3: What kind of certification does this Diesel Generator have?

A3: This Diesel Generator has ISO9001 certification.

Q4: What is the minimum order quantity for this Diesel Generator?

A4: The minimum order quantity for this Diesel Generator is 1.

Q5: What is the price of this Diesel Generator?

A5: The price of this Diesel Generator is negotiable.
